
A case of Protector turning Predator - a malaise prevalent in Home with Gross Physical, Sexual & Psychological abuse of children

Visit Report By:

Vinod Kumar Tikoo, Dr. Dinesh Laroia, Members NCPCR
Dr. Ramanath Nayak, Sh Ajay Kumar Sr Consultant & Project Coordinator respectively NCPCR
Background

On 9th May 2012 at about 3 P.M. in-charge of Childline Meerut visited the Commission’s office to discuss certain issues and also informed the undersigned Member, about three girls who had run away from one shelter home in Rohtak and contacted Childline Delhi. It was further informed that the Child Line was due to present the girls currently placed with Rose Home in Dwarka, Delhi before CWC Nirmal Chhaya at about 4 PM. (Taking cognizance of the same two Consultants from NCPCR were directed to visit the Rose Home and meet the girls, counsel them and if possible obtain their statements on the reason of their running away from the Home).

At about 6.10 PM, before the Consultants from NCPCR could return, the undersigned received a call from a Member CWC and informed about the statements recorded by the three girls were truly horrific to be believed and in utter disbelief instead of returning to his residence, on the spur of the moment ordered the driver to proceed immediately towards Rohtak. The undersigned directed a Sr Consultant and a Project Coordinator available in the office at that time to accompany him to Rohtak. On the way the undersigned also requested a colleague Member of NCPCR Dr. Dinesh Laroia to proceed to Rohtak in formation of a team and assist in the on-the-spot investigations on statements narrated by the girls which included (a) beating of children by the Director without a reason, (b) the Son-in-law of the Director beating, molesting and sexually abusing the girls, (c) keeping children hungry as a measure of punishment for any flimsy ground, (d) forcing the girls to be thrown out of the Home in the dead of the night as a part of punishment (e) forcing the children to work in the fields as farm labour (f) forcing the girls to work as domestic help in residence of director and even her daughter (g) hitting with rods and sticks.

“Bharat Vikas Sangh” run “APNA GHAR”-Shelter Home also houses Nari Sadan; Swadhar-Shelter Home for Women; Home for Run-away couples; Home for Mentally Challenged Women and CHILDLINE
The team from NCPCR finally comprised the following:

1. Shri Vinod Kumar Tikoo, Member, NCPCR
2. Dr. Dinesh Laroia, Member, NCPCR
3. Dr. Ramanath Nayak, Sr. Consultant, NCPCR
4. Mr. Ajay Kumar, Project Coordinator NCPCR

At about 8.30 P.M., the team reached the place called “Apna Ghar” a palatial house in a thickly populated residential colony, being run by an NGO “Bharat Vikas Sangh”. The team was later joined by three Childline volunteers from Delhi - Mr. Sumit, Mr. Abhishek and Ms. Akanksha. At the Home, located at 1674/22, Shrinagar Colony, Near Double Phatak, Rohtak, the team was surprised to see a police official who on an inquiry revealed that he was Sub-Inspector Bhim Singh Ranga, SHO of Gandhi Camp P.S. sitting with the owner—cum-Director of the Home Ms Jaswanti. On questioning his presence in the home, the police official informed that he was present in order to collect the photographs of three girls reported to have escaped from the Home two days ago, for which Ms Jaswanti had lodged a complaint with the Police Station. The constable did not have any answer as to how come the Rohtak Police team reached Delhi the same afternoon to recover the girls from the CWC and he had come in the evening to collect the photographs of the escaped girls.

Observations

On verifying about the Home and its working the following information was revealed. The NGO “Bharat Vikas Sangh” started operating in 1994-1995 and currently has the following programmes being run under its aegis and supported by various State Govt as well as Central Govt agencies/departments as follows:

Bharat Vikas Sangh
674/22, Shri Nagar Colony, Rohtak-124001 (Har.)
Phone No. 01262-269171, Fax No. 01262-271083
M. No. 9416210601, 9467171072, 9466126506
E-mail info@bvsonline.org, Jaswanti.bvs@gmail.com

Bharat Vikas Sangh provisionally registered under sec 34(3) of the J J ( C & P of Children) Act, 2000 vide Regn No 9 of the year 2009, received a renewal of Registration under Sec 34(3) of the Juvenile Justice Act, 2000 about 3 months ago from Department of Women and Child Development, Chandigarh, Govt of Haryana, The NGO is also registered under FCRA for the past over Five years but reportedly has not received any Foreign Currency contributions as per the annual FC-3 return for year 2009-2010 shown to the team.

**Infrastructure of the NGO ‘Bharat Vikas Sangh’**

The Home has a palatial four floored **pucca building**, which claimed a few children has been built by dint of sweat and hard work of children who not only were forced to work as construction workers, but were forcibly used as stealers of bricks from various other construction sites during the night time. The children also claimed that they were used to get the building white washed/painted. It has a small courtyard but no play area. The children were not allowed to venture out of the complex. The ground Floor has a large dormitory which is used as multi – purpose area. During daytime it is used as play area ; as class room (children are not allowed to go out for the formal day school and a few children sponsored by the citizens were withdrawn by the Director and on an inquiry she stated the atmosphere in the neighbourhood school is not conducive and corrupts the mind of young children); as prayer room and on festive occasion to hold the festivities. When general public comes to celebrate their ward’s birthday or donate fruits/clothes etc the area is used to gather the children and distribution of offerings by the public. Elder girls live on the first floor and second floor of the building.
Important functionaries of NGO ‘Bharat Vikas Sangh”

Ms Jaswanti:

Ms Jaswanti, the second wife of one Mr Prem Singh Narwal (reported to have separated/divorced for a long time now) reportedly an employee of PGIMS Rohtak, is the founder Director of the NGO. The Director is also a lawyer and enrolled with the BAR Association of Rohtak. She is also the Social Worker member of Juvenile Justice Board, Rohtak. She claimed to be highly networked among the Social and Political arenas of the District and the State. She is the owner of the Home which houses all the programmes listed above.

Mr Jai Bhagwan:

Jai Bhagwan married to the daughter of Mr Prem Singh Narwal from his first wife has been reported to be involved in visiting the Home frequently and providing support to the administration of the NGO. In fact a few entries in the Bank statement relating to issue of cheques in his name were reported to be the rental for the part premises being used for the Short Stay Home for Runaway Couples. However, no rent agreement or lease deed in support of her claim was produced by Jaswanti.

Ms Sushma @ Simmi:

Sushma @ Simmi, the only daughter of Ms Jaswanti is reported to be fully involved in running many programmes to support her mother and runs independently the Childline programme, wherein she draws her salary from. All other activities have reportedly been receiving full attention and intervention and responsibility of Sushma@Simmi.

REGULAR STAFF IN THE NGO:

Ms Reema Kapoor aged 25 years employed as a counselor in the T. I. Programme drawing a salary of Rs 7,000/-p.m.

Mr Pawan aged 25 years employed as a Team Member drawing a salary of Rs 5,000/- p.m.

Mr R P Saini aged 61 years employed as Office Assistant in T. I. Programme drawing a salary of Rs 10,000/-p.m.

Ms Veena aged 40 years employed as a Counselor in the Family Counseling Center drawing a salary of 5,500/- (+ Rs1,500/- as a counselor in Childline programme)
Ms Suman Lata aged 38 years employed as ANM in the T. I. Programme drawing a salary of Rs 5,000/p.m.

Ms Angrez Kaur aged 60 years who recently on 1-5-2012 joined as Project Evaluator & Monitoring Officer on a salary of Rs 6,000/-p.m., retired recently as CDPO from Rohtak District and was responsible for inspecting this NGO “Apna Ghar” but could not see or report anything wrong happening with the children, rather felt that the home was doing a good job.

Mr Satish Ahlawat, the driver of the Director, who was reported to be used for official purposes to transport children as well as be an accomplice of Ms Jaswanti in abandoning the women and mentally challenged girls, whom the Director thought to be redundant and of no use to her in any manner. He was reportedly provided official quarters for his family in the Short Stay Home for runaway Couples.

Master Dev aged 17 years who has been an inmate of the Home for about 4-5 years, and was unofficial Guard of the Home drawing a monthly remuneration of Rs 3000/p.m. His one sister Gayatri aged 8 years is also an inmate in the same Home. His other sister Suman aged 16 years is one of the three girls who escaped from the Home and spilled the beans on sexual abuse of children in the Home. Even Dev was not spared the physical abuse by Jai Bhagwan, Jaswanti and Sushma@Simmi.

The NGO did not have any Cook. Washerman, Sweeper, Watch & Ward staff on its rolls since all these and related jobs were attended by the inmates.

Chartered Accountants of the NGO

M/s Arvind Kishan and Associates, Rohtak, were reported to be the official Chartered Accountants of the NGO. No financial documents / statements were produced by the Director cum Secretary Ms Jaswanti for verifications, However some of the bank Passbooks revealed certain transactions in favour of Jai Bhagwan for which no satisfactory explanation were provided by the Director. She however informed that a debit entry of Rs 9000/ for a chq issued to Jai Bhagwan related to rent of the premises housing the Short Stay Home for Runaway Couples being run by BVS but no corroborating evidence or rent/lease deed was produced. ADC present assured to investigate into this. Against huge amounts of credit in the Passbook there were corresponding quick withdrawals in cash in quick successions.

Inspection of Home by the District Administration The visitor’s book revealed visit by dignitaries like Deputy Commissioner. Judicial Magistrates, Sub-divisional Magistrates, Officers of WCD etc. However, none seemed to have interacted with children to get a feel of the ground reality and the treatment meted out to the children. The existing CDPO Ms Monika Khanna feigned ignorance and claimed that she had recently joined and as such
could not produce any inspection reports on the Home. The erstwhile CDPO Ms Angrez Kaur (retired) aged 61 somehow dropped in at the Home and gave an opinion that the Home was doing a good job, and on an inquiry revealed that she had taken up an employment with the Bharat Vikas Sangh recently on 01-05-2012. On questioning about the inspection of the Home she pleaded that when she inspected a couple of months ago all was well with the Home, but was unable to produce the said report. **ADC was requested to verify the reports and investigate into the role played by the said Ms Angrez Kaur.**

The presence of SI Bhim Singh Ranga of Gandhi Camp P.S. at an inappropriate time in the Home and without satisfactory explanation for his presence raised doubts that need to be enquired into by SP, Rohtak. It was later revealed by a few inmates that he was a regular visitor at the Home and had “GOOD RELATIONS” with the Director Ms Jaswanti.

It was quite obvious that the mechanism of inspection of Home was conspicuously missing in Rohtak (the same status was observed in Drone Foundation- Jan 2012, and Superna Ka Angan 04-05-2012 at Gurgaon) and the Monitoring System had completely failed as usual as elsewhere reported in Haryana (Specific that had come to the notice of NCPCR in Gurgaon, Yamuna Nagar, Faridabad and now Rohtak). The District Administration need to explain absence of the inspection and reporting mechanism, despite Haryana having signed MOU with MWCD on ICPS.

**Maintenance of Records**

Maintenance of records was very poor and in fact the **Attendance Register** which had a roll of 61 children also showed the status of three escaped girls Pooja, Suman & Renu as
The nature of recording in the attendance register revealed as if the record was entered at one go in a regular handwriting and not on a daily basis. The Director of the Home and the staff present including her daughter Ms Sushma@simmi could neither inform the team on the exact number of children recorded in the Home nor the factual number present in the home at that time. The team was not provided with all the individual case files of the inmates. The actual head count as shared by SDM present in the Home at the time of inquiry revealed 98 inmates while only 81 could be seen as per the records. On an inquiry on the variation in numbers the Director and her daughter were dumb struck and stated that some inmates had gone on leave to their biological parents/relatives. There was no proper recorded system of maintaining the Master Register neither were children produced before CWC upon admission or on restoration. There was no system followed on Home Investigation or maintenance of Social Investigation reports or even Individual Care Plans.

Even the files relating to the staff employed by the NGO in various programmes was not made available as probably the same was never maintained or even asked for by any inspecting official.

**Provision of Food and Clothing**

On interaction with the children, it was revealed that they would get only Dalia or dal & rice every day unless it was a day when some dignitary or some celebrity was to visit the Home, when kheer, puri – sabzi or roti dal would be served. There was no special meal menu. On no normal day would the children get three meals a day. A set of second hand used clothes was given to children once in a year. Fresh clothes were provided only when some dignitary or celebrity was to visit the Home. Cots, Beddings were not provided and the inmates were forced to sleep together in a huddled manner. Even during the winter time the inmates were not provided with proper warm clothes, only bare minimum would be provided. One common towel was used by a group of children. Provision of Soap Cake, Oil, Tooth Paste, Tooth Brush etc was regarded as a luxury not generally made available.

**Living Conditions as revealed by the inmates**

- The children were not allowed to venture out of the Home and were treated as captive all the time.
- Medical attention was provided by a private doctor who would not write a prescription, but just give the medicine. ADC cross checked with the doctor referred by the Director Jaswanti who denied that Jaswanti would ever bring children to him for treatment.
Children were forced to live together with the mentally challenged women, where as they needed to be segregated as this had a definite bearing on the psyche of the children.

Most of the children were malnourished as they were not provided with the proper dietary requirements. Unless a special day, the evening meals consisted Dalia with high water content barely enough to feed a growing child in his/her developmental stage.

For the newly born babies the mothers were forced to beg Director Jaswanti for the milk and at times even on begging it would be denied as a part of punishment even for a flimsy mistake by the mother.

On occasions as a part of punishment, children were forced to go hungry for 2-3 days even for most minor mistakes committed even unwittingly. And sometimes the punishment would be extended to all the children even as old as 4-5 years.

The sexually abused six girls transferred from Drone Foundation Gurgaon to Naaz Foundation Delhi and again on re-transfer to Haryana were finally sent to “Apna Ghar Rohtak” revealed that even in this home they were subjected to harsh abuse and have been forced to engage only in cleaning and sweeping without any one caring for their dietary requirements. Out of these 4 girls were HIV positive, and their medical record was not properly maintained in the Home.

ABUSES, ITS FORMS and OTHER IRREGULAR ACTS COMMITTED BY THE DIRECTOR, HER DAUGHTER, HER SON-IN-LAW AND THE DRIVER AS REPORTED BY THE CHILDREN

The most frequent form used by Director Jaswanti was the abusive, obscene and vulgar language used, which at times was even shameful for the children to repeat.

Calling names like Randi, Vaishya and sexually abusive terminology

Physically beating of children and even adolescent girls by the Director Jaswanti, her daughter Sushma@Simmi and Jai Bhagwan on the slightest of pretext of committing a mistake or refusal obey orders even if vulgar and not acceptable to girls.

Even the boys were not spared of thrashings and spankings by the trio on the slightest of pretext of committing a mistake or refusal to obey orders.

Forcing the girls to disrobe and lie in a naked condition overnight. Sometimes the girls would be tied to the grilled fencing with the duppatta for even two to three days and beating them with iron rods & wooden sticks;
➢ On slightest pretext of indiscipline making the children go without food and water for day ranging 1 to 3;
➢ Forcing two girls to lay in a naked condition in a locked room and subjecting them to engage in a lesbian act in presence of the Director Jaswanti who derived a special satisfaction out of the act and in case of a refusal to do so hitting their private parts with wooden rolling pins, scissors etc. which would result in bleeding at times.
➢ Using the children as domestic helps and sending them to her own home, home of her daughter and others without any remunerations;
➢ Forcing the children to work in agricultural fields *(a good number of sickles have been reportedly found in the premises by the police)*
➢ Sexual molesting of girls by Mr. Jaibhagwan, reportedly the son-in-law of the owner of the Home;
➢ Girls with good looks were sent to weddings to serve as waitress or even to perform. Tips earned would be snatched away by the director.
➢ Abandoning mentally challenged women from the Home in trains / bus stops in the middle of night with accomplice driver Satish Ahlawat.
➢ Allegedly selling / giving away of babies / infants in adoption without the consent of biological mothers or even following norms for adoption of destitute/orphaned children;
➢ Reportedly restoring children to mothers/relatives without any specific orders from CWC and without conducting any Inquiry as required under section 33 of the JJ Act, 2000.
➢ On the occasion of Holi the children were intoxicated by Jaswanti and Sushma@Simmi resulting in a child falling sick.
➢ As a part of punishment unleashed on a child committing a grave mistake of demanding more food some amenities, child was forced to clean all the utensils for entire week or sweep the entire floor with a wet cloth.
➢ Cooking was normally entrusted to elder children of Apna Ghar, adolescents and the adult inmates of Swadhar Shelter Home.
WHY THE NEVER ENDING NIGHTMARE FOR CHILDREN WENT UN-NOTICED

1. The Director Ms Jaswanti had unleashed a reign of terror in the Home and everyone including the regular was scared of her.
2. No inmate was allowed to go out of the complex even for a short while and hence tales of horror never went out.
3. Children were not allowed to go to the neighborhood day school hence due to lack of interaction with outside world the stories never went out.
4. Most of the older inmates were either destitutes or without any support hence no one could gather courage to tell any visitor about the wrong happenings in the Home.
5. Police Officer especially SHO of Gandhi Camp was reported to be a frequent visitor and presuming Jaswanti’s police connection, the inmates felt too scary to inform any body about their being wronged in the Home.
6. On occasions of a Government Official / celebrity visiting the Home, presentation would be manipulated in such a manner so that they do not get to interact with the children without being accompanied by either Jaswanti, Sushma@Simmi, Jai Bhagwan or any other Staff from the Home.
7. Considering Jai Bhagwan to be a bully and a regular abuser, no inmate dared to rub him on the wrong side for the fear of being further abused physically or sexually.
8. Awards like Stree Shakti conferred by the State Government in the glitterati ceremonies reflected an image of a philanthropist on behalf of Jaswanti and her team and no one could imagine the horrific tales that lay hidden in the dark side of the Home.
9. Before the visit of any Official/Dignitary/Celebrity the children were always threatened not to talk to any outsider about any punishments or complain on any other matter including food/clothes/education etc.

It was utterly surprising to know that children were threatened just sometime before the team’s arrival, not to tell anything to the NCPCR team visiting the Home, as the news of NCPCR team coming to visit the Home was broken just about 15 to 20 minutes before arrival at the Home. Only the top District
Officials were informed at about 8.05 in the evening when the team was near the CM’s Camp Office.

RECOMMENDATIONS
The following immediate measures were recommended to the District Administration by the Team, which are formally forwarded to the State Government of Haryana for further necessary action(s), follow-up and reporting to NCPCR:

(i) To appoint an Administrator and his/her support staff (as mentioned in point 8 above) and to put regular arrangements in place.

(ii) To provide due security to the Home and the children with a PCR Van stationed outside the premises and having deployment of plain clothed policewomen on shift duties, even for their escort to school in the company of the newly designated Home functionaries.

(iii) To enroll all children of the Home into age appropriate classes in a neighbourhood school (less than a kilometer) for ensuring their right to free and compulsory education in a full-time formal school within a week’s time. Accelerated learning (crash course) for older children may be arranged through a special NRBC set up by the SSA in the premise itself dedicatedly for such children. This is significant since the children have not been allowed to go to school and even some of them have been recalled from the school.

(iv) To enroll all children of the Home below 6 years in the nearest AWC immediately.

(v) The CWC, Rohtak to have continuous Sittings in the Home for: (a) completing Social Investigation Report (SIR) and Individual Care Plan for every child; (b) monitoring/supervision of the management/running of the Home and the conditions of the living, care, health and education of the children living therein.

(vi) The District Child Protection Officer, the District Programme Officer (ICDS), the District Probation Officer, the local CDPO, CMO, Dy. SP, DPC (SSA), District Education Officer to render all assistance to the CWC under the day-to-day guidance of the ADC for the long term care, treatment, education and rehabilitation of the children of the Home.

(vii) Since it has been reported that some babies have been given away (purpose not known), a proper investigation be conducted into such missing infants / babies by the AHTU/CB CID of the State at the earliest and report to NCPCR.

(viii) To arrange medical checkup of all inmates by deputing a medical team from the District Hospital/Med. College of Rohtak. Compliance to NCPCR be sent in 10 days.

(ix) To provide proper counseling to the children who have been sexually abused and assaulted by a counselor / psychiatrist within 10 days;

(x) To freeze immediately all the bank accounts hold in the name of the Organisation/Institutions in question or their owner /Chief Executive (Ms. Jaswanti) and also in the name of her daughter and son-in-law as mentioned above;
(xi) To have a complete audit of all financial transactions by the Organisation/Institutions in question through the Local Fund Auditor within 10 days and also through an Audit Party requisitioned from the Office of the Accountant General within 2 months, since the entries in the bank statement, when inquired by the ADC from the owner of the Home, were not satisfactorily responded.

(xii) It was also reported to the team by the children that in the past few months a few deaths had taken place, however no record of deaths, MLC or even any Post Mortem Certificates could be made available to the team by the owners, coordinators. Criminal cognizance of these serious allegations need to be seriously probed into and investigated. Compliance be reported to the Commission.

(xiii) It was informed that the owner used to abandon the mentally challenged inmates on railway platforms/bus depots/on highways, far off from the Home and her driver one Mr. Satish was an accomplice in this heinous act. This needs to be probed/investigated into and attempts be made by the administration to recover those inmates. Compliance report in this regard be sent to MWCD & NCPCR at the earliest possible.

(xiv) Children sharing the premises with mentally depressed/challenged women need to be segregated to achieve a balanced & healthy attitude of children. Compliance to be sent within 20 days.

(xv) HIV+ children shifted from Drone Foundation and other children if any with HIV+ status, care be taken to follow the guidelines through proper ART counters. Also if such children are harbouring any other contagious diseases, the same need to be managed accordingly.

(xvi) District Administration to map all Child Care Institutions (CCI s) operating in the District, forward a list of such mapped CCIs to HQrs and make arrangements for their registration under Sec34 (3) of the J J Act 2000. A compliance report to reach the Commission within 45 days, as already a substantial time has been provided to the State Govt.

(xvii) A robust and sincere inspection mechanism of all the CCIs to be put in place at the earliest. Any laxity in reporting or wrong reporting to be taken a serious view of by the administration and suitable penal action/disciplinary action be initiated in all earnest. Confirmation to be sent to NCPCR within 30 days.

There are about 150 children, boys and girls, at the Karyn Home. The girls in the higher sections are not being educated and are in a shelter, but at the lower sections, they are given basic food and are kept in a shelter. They were not even provided with adequate food. If they do not have enough to eat, they are punished. The girls are also kept inside the gate and punished. If they are left at home, they are not even fed. Two of the girls who were in the higher section were found dead. The rest of the children at the Karyn Home are in a shelter. All the children at the Karyn Home are in vulnerable situations. They all have been rescued from the Karyn Home. The children are in need of counseling. The children are in need of vocational training. The children are in need of medical and psychological support. The children are also being taken care of by the director, who is being monitored by the sfdb. The children are in need of medical, psychological, and vocational training. The children are in need of counseling. They have been rescued from the Karyn Home. The children next door to the Karyn Home, the children next to the Karyn Home, the children next to the Karyn Home, the children next to the Karyn Home.

I have visited and spoke with the principal and have observed the school where the reported incident occurred. The school is a small, rural community that is heavily dependent on agriculture. The principal has been cooperative and has provided me with all the information requested. We have had the opportunity to review the school’s policies and procedures, and I have found them to be comprehensive and well-implemented. I have also reviewed the school’s records and have not found any evidence of past incidents involving similar circumstances. While I cannot guarantee that such incidents will not occur in the future, I believe that the school has taken adequate steps to prevent such incidents from happening again. I appreciate the opportunity to visit the school and speak with the principal. I hope that this visit will help to ensure the safety and well-being of all the children in the school.

Sincerely,

Poornima along with her and Sanjay have conducted a program on 07/09/2022 at the home with the help of the children and I was also present.

Nida Farooq, 34, of Naseerabad Colony, near Delhi, was shot on 16/09/22. She had been suffering from a chronic health condition for the past few months. However, her condition worsened in the last few days, and she died peacefully in her sleep.

Sanjay, 32, of the same colony, had been working as a daily wage laborer. He was a dedicated family man and was always there for his children. Sanjay's death has left a void in the lives of his family and friends.

The children of the home, along with Poornima and Nida, conducted a program on 07/09/2022 to raise awareness about the importance of health and hygiene. They also distributed blankets and clothes to the children in need.

Poornima and Nida also conducted a workshop on sanitation and hygiene, which was well-received by the children. They were also taught about the importance of maintaining a clean and healthy environment.

The program was a huge success, and the children of the home were grateful for the initiative. Poornima and Nida are planning to conduct more programs in the future to raise awareness about health and hygiene.

Poornima and Nida have also decided to set up a small library in the home so that the children can have access to books and education.

Poornima and Nida also conducted a workshop on sanitation and hygiene, which was well-received by the children. They were also taught about the importance of maintaining a clean and healthy environment.

The program was a huge success, and the children of the home were grateful for the initiative. Poornima and Nida are planning to conduct more programs in the future to raise awareness about health and hygiene.
